Your analysis is complete. See your personalised recommendations.

Products For Your Skin Profile

AI POWERED

Personalised to your exact concern scores

EYE BAGS · 73/100

Eye Cream for Puffiness

Key ingredient: Caffeine & Peptides

Caffeine helps reduce temporary puffiness, while peptides support the skin's structure and resilience.

 Gently dab a pea-sized amount around the orbital bone morning and night.

WRINKLES · 77/100

Retinoid Serum

Key ingredient: Retinaldehyde

Retinoids promote cell turnover and stimulate collagen production, visibly reducing the appearance of fine lines and wrinkles.

 Apply a pea-sized amount to clean, dry skin in the evening, starting 2-3 times per week and increasing frequency as tolerated.

DARK CIRCLES · 85/100

Brightening Eye Serum

Key ingredient: Vitamin C & Niacinamide

These ingredients work synergistically to brighten hyperpigmentation and improve microcirculation under the eyes, reducing the appearance of dark circles.

 Gently tap a small amount around the orbital bone morning and night before your eye cream.

Your Daily Routine

GEMINI AI

Personalised step-by-step protocol

MORNING
